SCAP GREEN ALERT

TO: SCAP Air Quality Committee, Member Agencies and Interested Parties
FROM: Raymond C. Miller, Executive Director
DATE: February 19, 2004

EPA RMP Update Fact Sheet/Checklist Available

The SCAP Air Quality Committee has provided the attached information for those who need to update and resubmit their Risk Management Plans (RMPs) to the US EPA and their local AA or Cupa by June 21, 2004.

EPA is in the process of developing other outreach tools for the RMP Update which will be available on their ceppo website: <http://yosemite.epa.gov/oswer/ceppoweb.nsf/content/index.html>. Note that they specify under "How to Determine Your 5-Year Anniversary Date" that RMP updates are to be submitted no earlier than June 21, 2004, regardless of how early the original 1999 submission.
